ZURA

Intelligent EV charging unit

Manufactured
in the UK

ZURA

Intelligent EV charging unit

Versatile, sophisticated and packed with the most-wanted smart features, along with never-seen-before customisable aesthetics. ZURA has been designed for both homes and businesses, providing up to 22kW superfast charging.

This OCPP compliant unit offers plug & charge or pay-to-charge solutions via a mobile app or RFID operation through any OCPP back-office management system.

This EV charger supports dynamic load balancing and is equipped with PME fault detection, with no requirement for an earth rod, reducing installation costs.

Available with single or dual outlets, making it ideal for businesses and households with more than one EV, or that are looking to future-proof. Domestic users can also charge using their solar PV or other home renewables for a zero-cost, zero-carbon charge.*

*App dependent feature

FREE app & support

Domestic customers benefit from 3 years app connectivity and support included*

*Data fees may apply if connecting via 4G

Product features

- Suitable for both domestic and commercial installations
- Plug & charge, mobile app or RFID controlled charging
- 1x or 2x universal charging socket(s) or Type 2 tethered lead(s)
- Up to 7.4kW or 22kW charging output(s)
- TruePEN PME fault detection (no earth rod required)
- Dynamic load balancing (CT clamp & cable included)
- Solar PV, battery storage or wind turbine integration*
- Alexa & Google assistant compatible*
- OCPP 1.6 compliant (Can integrate with any back-office)
- Over-the-air firmware / software updates
- Built-in over current & 6mA DC leakage protection
- Cable lock security feature (can be permanently locked by user)
- Integrated RFID reader
- MID-approved energy metering
- 4G / Wi-Fi / Ethernet connectivity
- IK10 impact resistant design
- Independent back plate for easy wall or post mounting
- OZEV grant fundable
- Designed & manufactured in the UK

Rolec EV's chargepoint management platform:

Other preferred app & back-office partners:

OCPP 1.6 compliant

Ability to integrate with any OCPP compliant back-office management system and app.

Easy to operate

Three quick and easy ways to operate: mobile app, RFID cards and fobs or plug & charge.

Office for Zero Emission Vehicles

Eligible for grant funding

This range is approved for the OZEV EV Chargepoint Grant & Workplace Charging Scheme (WCS).

4G / Wi-Fi / Ethernet enabled

Complete with secure 4G, Wi-Fi and Ethernet connectivity, ensuring chargers are always online 24/7.

Branding & colour options available

Rolec offer a bespoke chargepoint branding service; from logos & brand colours, to vinyl wraps.

No earth rod required

Equipped with built-in TruePEN PME fault detection, saving on installation time and costs.

The details

UP TO 22KW

Available in both single phase and three phase models, providing up to 22kW superfast charging.

Choose from single or dual outlet models, allowing two vehicles to charge simultaneously. Single outlet units can be upgraded to dual in the future.**

CHARGE FOR FREE!

Sync your solar PV, battery storage or wind turbine setup to benefit from sustainable, zero-cost, zero-carbon charging.

Smart home integration is also supported, so you can control your charger using Alexa or Google assistant.*

ACCURATE BILLING

Built-in MID-approved energy metering ensures accurate consumption reporting, which is essential for businesses and residential car parks, wishing to bill for their usage. Use our back-office management platform to generate revenue by setting your own tariffs.

SAFE AND SECURE

Rest assured, Rolec's entire EV chargepoint range meets the currently required safety and security standards.

Over-the-air updates allow the chargers to receive the very latest features, ensuring a safe and future-proof product 24/7.

3 YEAR WARRANTY

Rolec EV chargepoints are designed, developed and manufactured in the UK and come with a 3 year warranty included as standard, for added peace of mind on your investment.

*App dependent feature **Single phase models only

electric vehicle charging

Managing chargepoints

Rolec EV's range of AC fast and DC rapid chargepoints are suitable for all types businesses. OCPP integration allows these units to be managed by any compliant back-office, including Rolec EV's own management platform, VENDELECTRIC.

Operating chargepoints

There are 3 quick and easy ways for drivers to operate the chargepoints: mobile app, RFID cards and fobs or plug & charge.

VendElectric app

Manage your charging activity whilst benefiting from an variety of features:

- Easily find and navigate to a chosen destination using the chargepoint map
- Sort and save favourite locations
- View current & past charge sessions
- Review statistics and analytical data
- Exportable data (ideal for submitting benefit-in-kind claims)
- Live charge session notifications
- Virtual wallet for quick activation
- Multiple EVs can be added and used on a single registered account

DOWNLOAD THE APP

RFID card/fob

Ideal for workplace employees who frequently use the same charging points, whether for their own or their company vehicle. Hosts can assign an RFID to either the driver or a vehicle (VRM).

HOMES

HOUSES | FLATS | RENTED ACCOMMODATION | PRIVATE GARAGES & PARKING SPACES

Operating your chargepoint

Rolec EV's range of chargepoints for the home have been designed to provide an easy charging experience for EV drivers, allowing them to recharge their vehicle using their smartphone or handy RFID card/fob.

This range of chargepoints are OCPP compliant, enabling them to integrate with any compatible app the user desires.

ev.energy app

Smart charging using the greenest, cheapest energy couldn't be simpler!

- Mobile app controlled charging
- Set a charging completion time
- Automatic off-peak hours charging
- Smart schedule charging feature
- Compatible with all EVs & PHEVs
- Energy tariff driven charging
- Review statistics and analytical data
- Earn rewards for smart charging
- Lock Your Charger feature
- Live charge session notifications
- Immediate charge boost button
- Understand your charging costs
- Sync with your solar panel setup

DOWNLOAD THE APP

RFID card/fob

Great for EV drivers who want to quickly activate their home chargepoint. RFID cards or key fobs are easily accessible and add for a much simpler charging experience, which can also be used alongside the mobile app.
